ProCut 1kg and 250g bottles

- Extreme cut single-stage compound that polishes from P1200/1500 to a high gloss finish
- Extremely fast cut
- VOC free unlike other products on the market
- Odourless & contains no filters or wax
- Long workable time with zero dust and mess

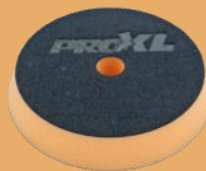

ProFinish 1kg and 250g bottles

- Based on a microfine, high purity aluminium oxide powder
- Excellent for dark colours
- Quickly & easily eliminates any swirl marks, holograms or light scratches from the final coating
- Achieves a perfect high gloss
- Low VOC with zero filters or wax

Hard Compound Pad

- 3D crosscut technology
- Recommended pad for ProCut
- Enhanced cutting performance
- Intelligent heat regulation
- Size: Option of **90mm** (pack of 2) & **45mm** (pack of 4)

Medium Polish Pad

- Suitable for both compound and polishing
- Recommended pad for the ProFinish Polish
- Central hole to reduce heat
- Size: Option of **90mm** (pack of 2) & **45mm** (pack of 4)
